Set up QUOTA

Maximum registrations allowed

	Marketing	Finance	P.R	H.R	E.D	B.M
1 st Year						
2 nd Year						
3 rd Year						

Event Dashboard Story

On click – A popUP allowing them to review your settings.
They cannot be changed once the event is live

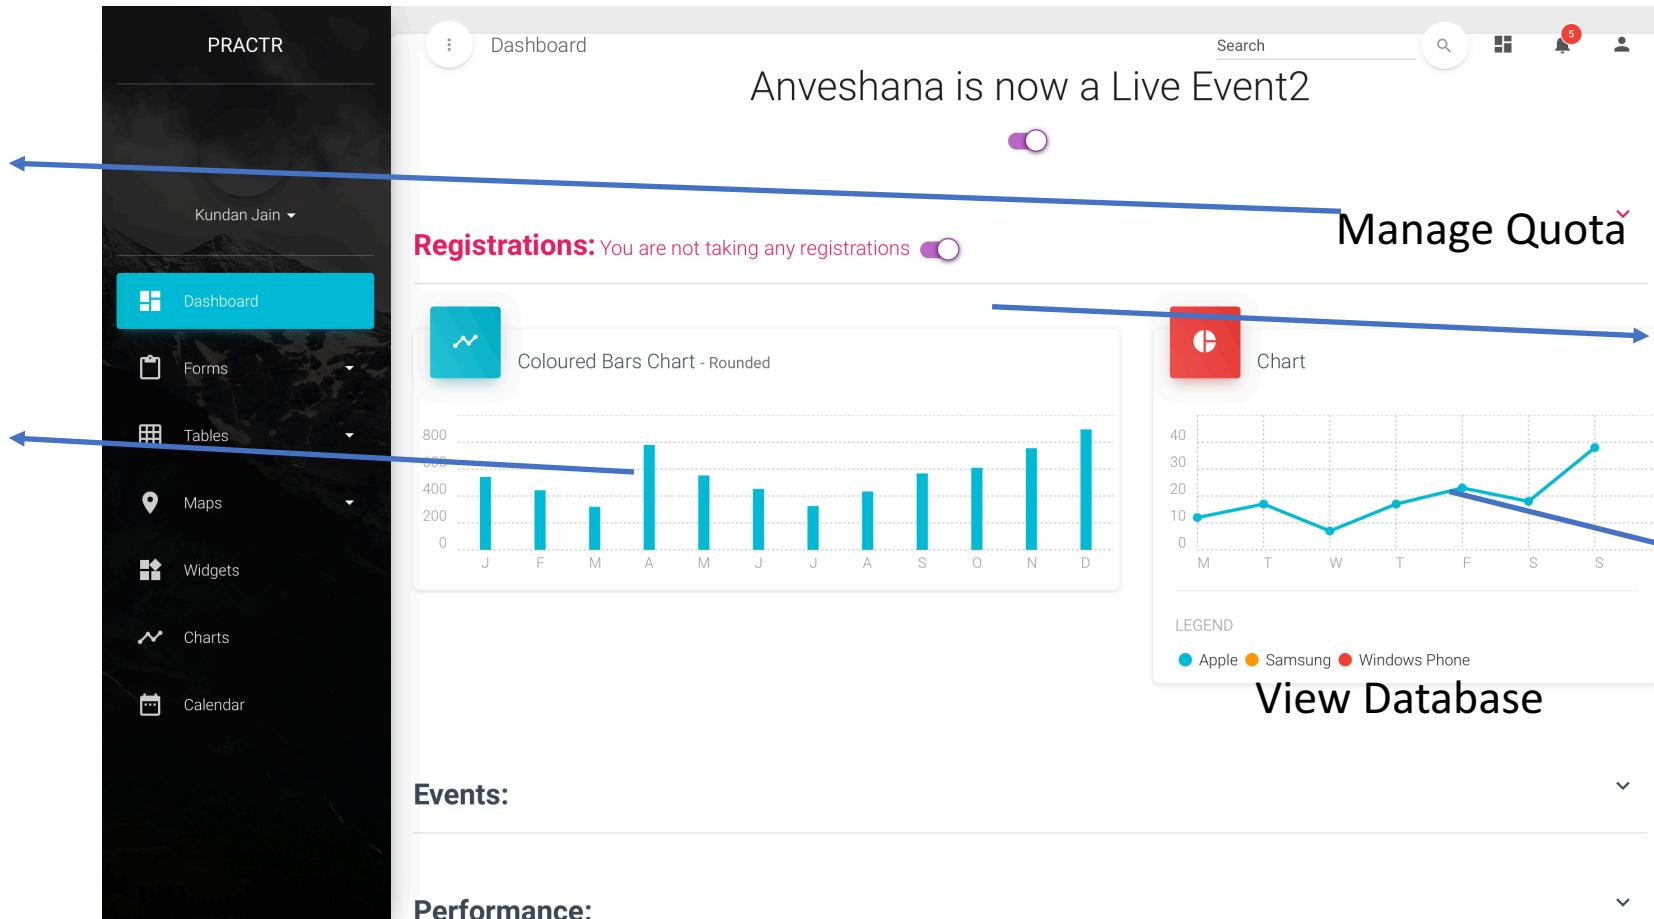

When they press ok, the event is live and can be viewed by students. You can no longer manage setup. They can't register yet.

When you click on that, modal appears asking for prefix. This is a permanent setting as well. And then registration is live.

Dashboard – Registration Setup Complete

Quota can only be increased, Opening up room for further registrations if need be

Pie Chart

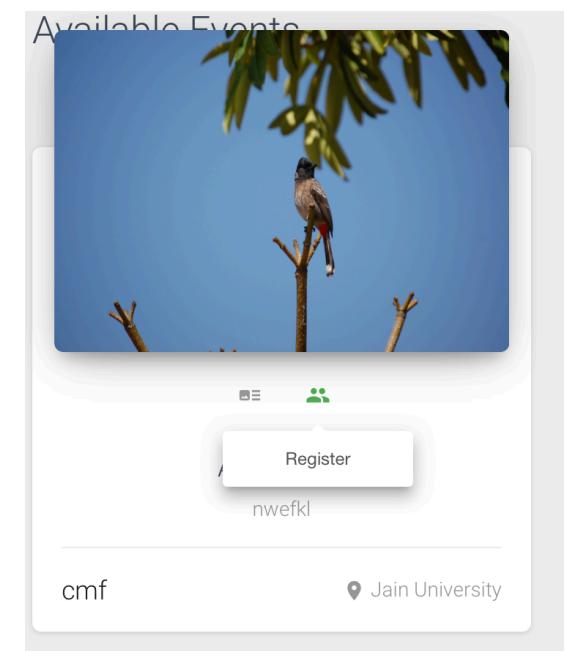

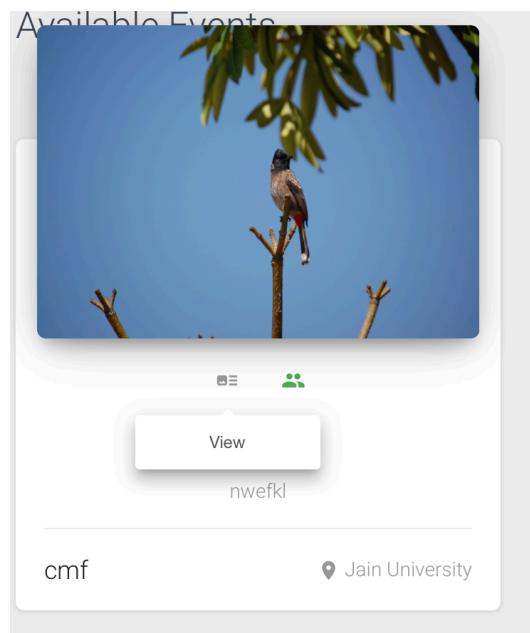

This section says "No Data to display, until registration begins"

Live table of Recent (10) registrations

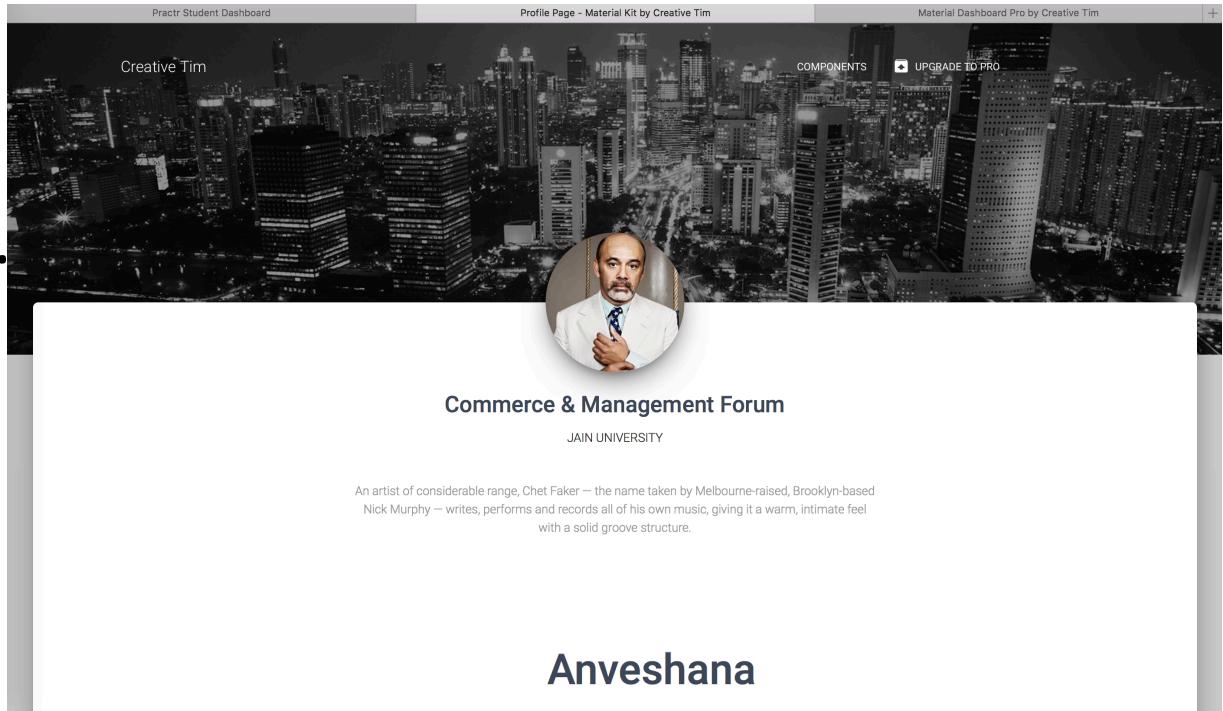

Student Registration

- Student registers into practr, and in the process chooses his university.
- Student clicks on events to find the event. There are two options here. View club, or register for event.

Student Registration

- Clicking on view allows them to view the club profile page. Here they may register as well.

Keep your user engaged by providing meaningful information. Remember
that by this time, the user is curious, otherwise he wouldn't scroll to get here.
Add a button if you want the user to see more.

REGISTER

Student Registration

- Both these buttons do the same thing

Anveshana

INTRA-COLLEGIATE EVENT

This is the paragraph where you can write more details about your product.

Keep your user engaged by providing meaningful information. Remember that by this time, the user is curious, otherwise he wouldn't scroll to get here.

Add a button if you want the user to see more.

REGISTER

Modal saying, you register for (one/multiple) core events
Checkboxes in case of
Multiple registrations and radio in case of single event registration.
If quota has been assigned and is met for a particular event,
for a particular year, then the checkbox/radio button is ghosted.

Once they press submit, the label on the Button will change to done.
This cannot be undone.

Dashboard – Registration Setup Complete

The screenshot shows the PRACTR dashboard interface. On the left, a sidebar menu lists 'Dashboard', 'Forms', 'Tables', 'Maps', 'Widgets', 'Charts', and 'Calendar'. The 'Dashboard' item is highlighted with a blue bar. The main content area has a header 'Dashboard' with a search bar and notification icons. A message 'Anveshana is now a Live Event2' is displayed above a toggle switch. Below it, a section titled 'Registrations' shows a message 'You are not taking any registrations' with a toggle switch. To the right, there are two charts: a 'Coloured Bars Chart - Rounded' showing monthly registration counts (approx. 400-800) and a line chart titled 'Chart' showing weekly registration counts (approx. 10-35). A legend indicates data for 'Apple' (blue), 'Samsung' (orange), and 'Windows Phone' (red). A callout arrow points to the 'Registrations' toggle with the text 'Admin can close registrations here. If they don't and somebody new registers after the events have already begun, they remain in the main database,' followed by 'On click'.

Initial Solo Registration Database

The screenshot shows a web-based application for managing registrations. At the top left is a purple square icon containing a white clipboard symbol. To its right, the text "Anveshana Registrations" is displayed. Below this is a purple header bar with the text "CHOOSE CORE EVENT". Underneath the header is a table with data. The table has two distinct sections: a top section showing 10 entries and a bottom section showing all 40 entries. Both sections have identical columns: Event ID, Name, Email, Phone, Age, Course, Year, Class, and Actions. The "Actions" column contains a purple circular icon with a white person symbol. The table is styled with light gray horizontal and vertical grid lines. At the bottom of the table, there is a footer bar with links for "FIRST", "PREVIOUS", "NEXT", and "LAST". The page also includes a search bar labeled "Search records" and a dropdown menu labeled "Show 10 entries".

Events:

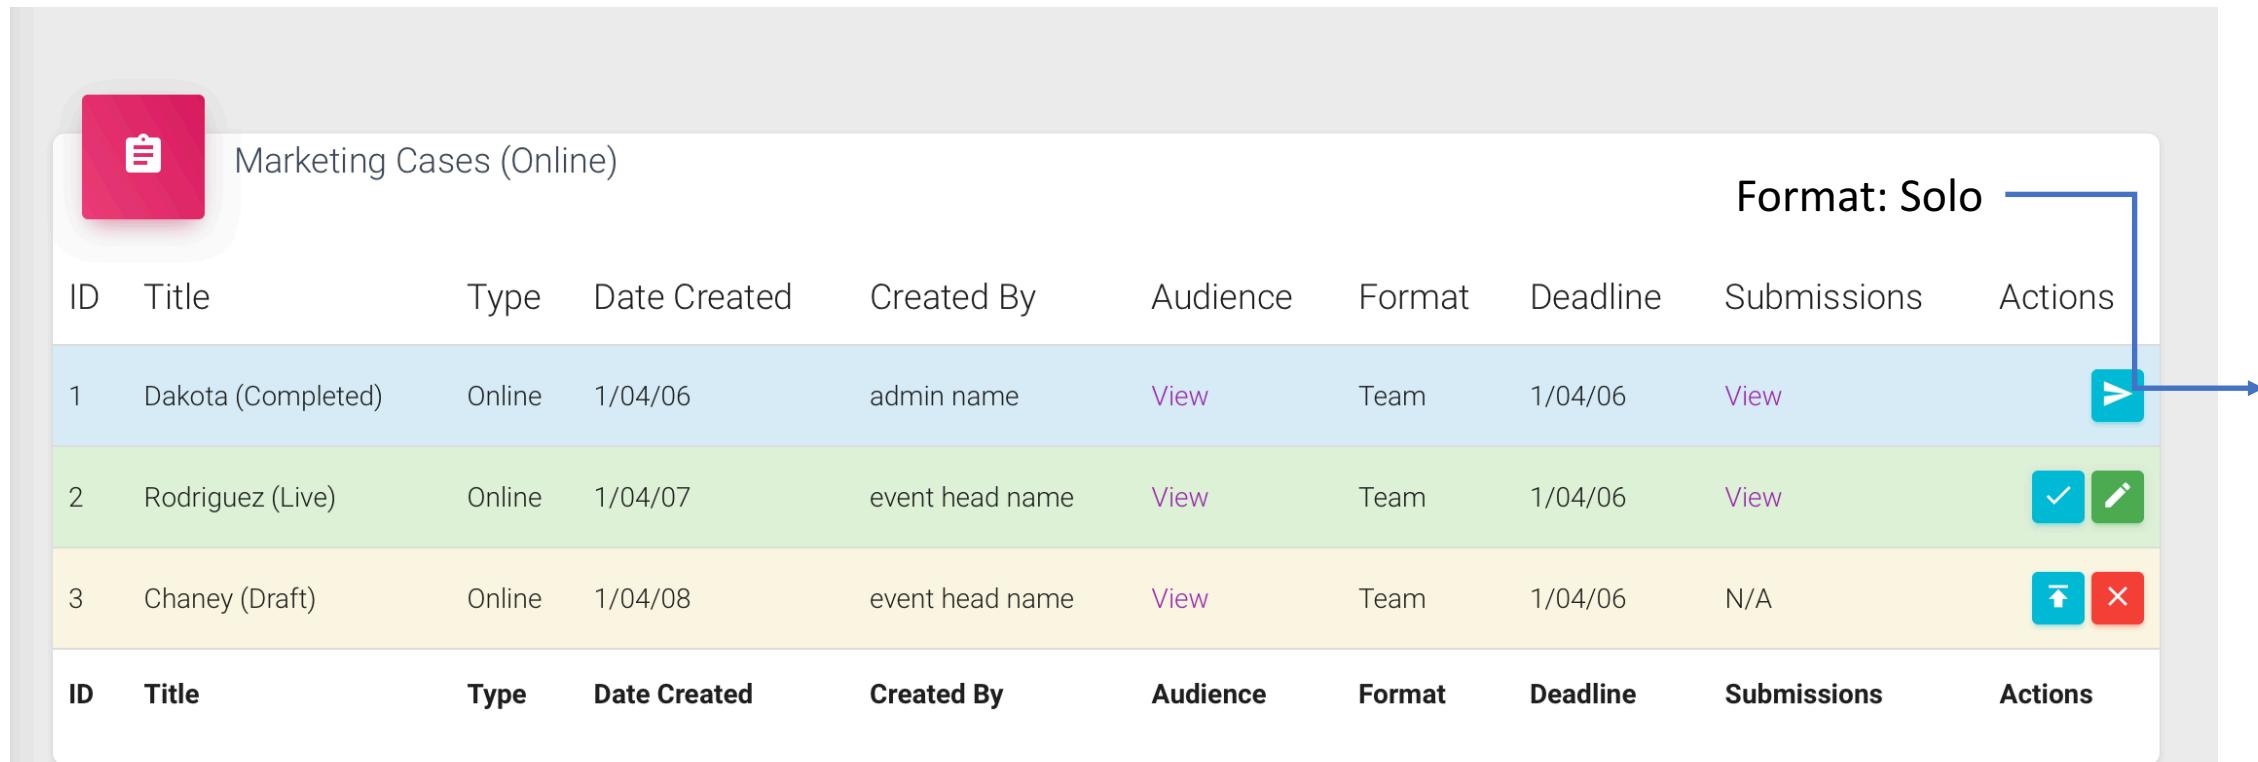

On click, modal with option for online or offline or dummy case.

Event head story

- Extended set up includes:
 - Full Name
 - Phone number (If possible multiple phone numbers – up to 4)
 - Dashboard says:
 - Anveshana is live. You are Marketing event head
 - Create first case?
 - The audience for the first case is the audience of that particular event
 - They get options while creating any case: Online, Offline and Dummy

Event Head Dashboard

The screenshot shows a table titled "Marketing Cases (Online)" with a pink header bar containing a clipboard icon. The table has columns for ID, Title, Type, Date Created, Created By, Audience, Format, Deadline, Submissions, and Actions. The first row (ID 1) is highlighted in blue and labeled "Format: Solo". The second row (ID 2) is green, and the third row (ID 3) is yellow. Each row has a "View" link under Audience and a "View" link under Submissions. The Actions column contains three buttons: a teal arrow pointing right, a teal checkmark, and a teal edit/pencil icon. A red X button is also present in the Actions column of the yellow row. A blue bracket on the right side of the table groups the "Format: Solo" label and the teal arrow button.

ID	Title	Type	Date Created	Created By	Audience	Format	Deadline	Submissions	Actions
1	Dakota (Completed)	Online	1/04/06	admin name	View	Team	1/04/06	View	
2	Rodriguez (Live)	Online	1/04/07	event head name	View	Team	1/04/06	View	 
3	Chaney (Draft)	Online	1/04/08	event head name	View	Team	1/04/06	N/A	 
ID	Title	Type	Date Created	Created By	Audience	Format	Deadline	Submissions	Actions

On changing to team, you get a modal
Asking for the team size and a button
Random assign or Logic Assign depending
On the availability of performance data of

Explained

- Admin can change format here. If he chooses team, a modal opens asking for team size (up to) and option for random assign (in case there is no previously recorded performance data available about the students or logical assign (we have had a few solo rounds to get the students with close to equal totals together)
- Logic assignment is only possible if there are some scores available so we can pair the ones with the closest scores.
- Format can change from solo to team only once.
- Once changed to team, It cannot be reverted.
- Internal logic of random assignment 1 1st year, 1 2nd year, 1 3rd year. When (say) we are out of 3rd years, then it becomes 1 1st year, 12nd year and 1 1st year again (cycle)
- If there have already been a few solo rounds conducted before we went to team mode, then the teams will be made based on scores.
- When they change the format from solo to team they need to get a warning message

Online Case

- On clicking online case option, the program opens the create case wizard:
 - Title
 - Subtitle
 - Max Points
 - Weightage(Optional)
 - Low, Medium high
 - Case content – Needs Image upload feature. The case page needs to change as well!
 - Tasks (1 is required the rest is optional)
 - Resources(All optional)
 - Submissions:
 - Add – Presentation(PPT)
 - Add – Creative(Image formats)
 - Add – Report(PDF, WORD)
 - Add – Link
 - **Performance assessment form**
 - Soft Skills with weightage
 - Question type (7 point weightage)
 - Collect feedback checkbox
 - Progress bar and a point counter to check if max points = points given in the P.A.F
 - This creates the case in draft form

Online case journey from draft type to complete

Marketing Cases (Online)										
ID	Title	Type	Date Created	Created By	Audience	Format	Deadline	Submissions	Results	Actions
1	Dakota (Completed)	Online	1/04/06	admin name	View	Team	1/04/06	View	View	
2	Rodriguez (Live)	Online	1/04/07	event head name	View	Team	1/04/06	View	Accepting	
3	Chaney (Draft)	Online	1/04/08	event head name	View	Team	1/04/06	N/A	N/A	

As soon as the case is created it reaches draft form (Yellow Color)

When the case is published it reaches live form(Green Color). The deadline is chosen now. A live case can be judged.

If two cases are made live together, the creator will be warned that it will share the same audience as the other live case(s)

Once judgement is completed, the event head clicks the check button marking round complete. (Blue Color)
Completed rounds allow the event head to send performance reviews

All round types are placed one after the other in the order in which they graduated to that type.

Offline Case

- On clicking online case option, the program opens the create case wizard:
 - Title
 - Subtitle
 - Max Points
 - Weightage(Optional)
 - Low, Medium high
 - Performance assessment form
 - Soft Skills with weightage
 - Question type (7 point weightage)
 - Collect feedback checkbox
 - Progress bar and a point counter to check if max points = points given in the P.A.F
 - This creates the offline case in draft form

Online case journey from draft type to complete

ID	Title	Type	Date Created	Created By	Audience	Format	Deadline	Submissions	Results	Actions
1	Dakota (Completed)	Online	1/04/06	admin name	View	Team	1/04/06	View	View	
2	Rodriguez (Live)	Online	1/04/07	event head name	View	Team	1/04/06	View	Accepting	
3	Chaney (Draft)	Online	1/04/08	event head name	View	Team	1/04/06	N/A	N/A	

When you publish an offline case, it too becomes live.

Then the judge may assess the students

On clicking the checkmark, similar to online cases, the case is marked complete.

On clicking the send icon, event head may release performance reviews

Dummy Case – For non supported round types

- On clicking the dummy case option, the program simply requires you to input the totals for the audience of the case and that's it.

Marketing Cases (Dummy)										
ID	Title	Type	Date Created	Created By	Audience	Format	Deadline	Submissions	Results	Actions
1	Dakota (Completed)	Dummy	1/04/06	admin name	View	Team	N/A	N/A	View	
ID	Title	Type	Date Created	Created By	Audience	Format	Deadline	Submissions	Results	Actions

The case is directly set as completed. And you may continue to the next step which is building an audience.

Audience View

Audience Details									Action
Event ID	Name	Email	Phone	Age	Course	Semester	Class	Team mates	Action
CMF001	Tiger Nixon	tiger@panda.com	9724345674	22	B.COM	3rd Sem	Class	Anita Rammu & Mohan Prakash	
CMF001	Tiger Nixon	tiger@panda.com	9724345674	22	B.COM	3rd Sem	Class	Anita Rammu & Mohan Prakash	
CMF001	Tiger Nixon	tiger@panda.com	9724345674	22	B.COM	3rd Sem	Class	Anita Rammu & Mohan Prakash	
CMF001	Tiger Nixon	tiger@panda.com	9724345674	22	B.COM	3rd Sem	Class	Anita Rammu & Mohan Prakash	

On viewing audience you can only view a table of the audience. There are no actionable areas except view profile

Submissions View

- Two tables Submissions and Late Submissions.
 - Event ID
 - Download button
